

Privacy Policy

Introduction

This Privacy Policy outlines the laboratory's commitment to protecting the privacy of its customers, employees, and other stakeholders.

Purpose

The purpose of this policy is to ensure that the laboratory protects the privacy of its customers, employees, and other stakeholders, and that it complies with relevant privacy laws and regulations.

Scope

This policy applies to all personal information collected, used, or processed by the laboratory, including information collected from customers, employees, and other stakeholders.

Policy

- The laboratory is committed to protecting the privacy of its customers, employees, and other stakeholders, and will comply with relevant privacy laws and regulations.
- The laboratory will only collect, use, or process personal information that is necessary for the laboratory's operations and will obtain the consent of the individual concerned before collecting, using, or processing their personal information.
- The laboratory will store personal information in a secure manner and will take appropriate measures to protect it from unauthorised access, use, disclosure, alteration, or destruction.
- The laboratory will not share personal information with third parties, except as required by law or with the consent of the individual concerned.
- The laboratory will provide individuals with access to their personal information and will allow them to correct or update any inaccuracies in their information.
- The laboratory will regularly review its privacy practices and procedures to ensure they remain relevant and effective and will continuously improve its privacy practices based on the results of these reviews.

Conclusion

The laboratory is committed to protecting the privacy of its customers, employees, and other stakeholders. This Privacy Policy is an important part of the laboratory's commitment to privacy and is intended to ensure that the laboratory protects the privacy of its customers, employees, and other stakeholders, and that it complies with relevant privacy laws and regulations.
