

## Consultation, Coordination and Cooperation Policy

### Introduction

The laboratory is committed to conducting its activities in a manner that is informed by the needs and expectations of the wider community. In order to achieve this, the laboratory recognises the importance of consultation, coordination, and cooperation with relevant stakeholders.

### Purpose

The purpose of this policy is to outline the principles and procedures for consultation, coordination, and cooperation between the laboratory and relevant stakeholders, with the goal of promoting effective communication, collaboration, and alignment of goals and objectives in support of the laboratory's mission.

### Scope

This policy applies to all activities undertaken by the laboratory and outlines the steps that will be taken to ensure that the laboratory's activities are informed by the best available information and are aligned with the needs and expectations of the wider community. This policy applies to all employees and contractors of the laboratory.

### Consultation

The laboratory will consult with relevant stakeholders on a regular basis to ensure that its activities are informed by the best available information and are aligned with the needs and expectations of the wider community.

### Coordination

The laboratory will coordinate its activities with relevant stakeholders to ensure that its activities are aligned with the needs and expectations of the wider community. This will be achieved through regular meetings, communication and collaboration with relevant stakeholders.

## Cooperation

The laboratory will cooperate with relevant stakeholders to achieve common goals and objectives. This will be achieved through the sharing of information, resources and expertise, and the development of joint initiatives and programs.

## Implementation

- The laboratory will implement this policy through the following steps:
- Regular consultation with relevant stakeholders to ensure that its activities are informed by the best available information and are aligned with the needs and expectations of the wider community.
- Coordination of its activities with relevant stakeholders to ensure that its activities are aligned with the needs and expectations of the wider community.
- Cooperation with relevant stakeholders to achieve common goals and objectives through the sharing of information, resources and expertise, and the development of joint initiatives and programs.

## Monitoring and Review

The laboratory will regularly monitor and review its consultation, coordination and cooperation activities to ensure that they are effective and efficient, and that they are aligned with the needs and expectations of the wider community.

## Conclusion

This policy outlines the principles and procedures for consultation, coordination and cooperation between the laboratory and relevant stakeholders. It is intended to promote effective communication, collaboration, and alignment of goals and objectives in support of the laboratory's mission.
